## 2019 TEAM W Award Winning Projects

### St. Nicholas of Tolentine Catholic School, Chicago, IL

*“It is the mission of St. Nicholas of Tolentine School to: Engage students in a quality Catholic education. Inspire a community that develops and values each individual’s gifts and talents. Empower students to make a positive impact on their family, school, and community.”*

*St. Nicholas Catholic School, Chicago, will purchase a C-Pen Reader and other assistive technology items to support students’ reading skills with a 2019 TEAM W grant.*

St. Nicholas of Tolentine School is an [All Are Welcome School](#), offering inclusive Catholic Education to four hundred students of all backgrounds, races and educational learning needs. The school provides screenings, evaluations and speech, occupational and physical therapy to students. A team of educators including the principal, Director of Inclusion, behavioral therapist, counselor, Title 1 Teacher, and a classroom teacher meet weekly to discuss ways to support students and teachers to meet the educational needs of the growing, diverse population. In addition, the Director of Inclusion consults with classroom teachers and coordinates each child’s classroom accommodations and

modifications as needed. An annual *Inclusion Night* at the beginning of each school year introduces service providers to parents and provides an opportunity for the Director of Inclusion to meet with each parent to discuss the service plan for their child. An Inclusion Committee of students, parents and school staff meets monthly to discuss what can be done to be a more welcoming and inclusive school as well as plan the annual *Inclusion Month* with activities that focus on diversity and welcoming all to the school. The Inclusion Committee also helps implement [Brave Kids](#) and [PBIS Day](#) (*Positive Behavioral Intervention and Support Day*).

The 2019 TEAM W grant will be used to purchase a C-Pen Reader and two licenses for the Kurzweil 3000 Firefly, both assistive technology items that support children’s reading skills.

“The Team W Award allows St. Nicholas School to further its work of embracing all students and their diverse learning needs. It reaffirms our root belief in the inclusive Catholic School setting and that all children possess gifts and talents,” said Dr. Mariagnes Menden, Principal.
